Pay by Bank

Switching Payment at Delivery

Dutchie Mobile POS · For orders that didn't select Pay by Bank at checkout

Customer selected a different payment method at checkout, but now wants to pay with Pay by Bank.

1 Tap "Pay by Bank"
Open the order on Dutchie Mobile POS and tap the **Pay by Bank** button.

2 Show them the QR code
A QR code appears on your device. The customer scans it with their own phone to start Pay by Bank.

3 Wait while they confirm
Your screen shows a waiting state. The customer is logging in (or enrolling) and confirming the order is correct on their own phone.

4 Tap "Complete"
Once your screen shows Pay by Bank attached to the order, tap **Complete** to finalize payment.

**The customer is not
charged until you tap
Complete**

and the payment shows
successful on your screen.
